Advanced support technology and premium comfort materials combine to create a five-star sleep experience your guests will keep coming back for.

Range FEATURES & OVERVIEW

Reflex Advance Support System responds to each sleeper's size and shape. The Primary Coils gently conform to the body, while additional Active Coils provide extra support where it's needed most.

Premium fire retardant stretch knit fabric with **Adaptive® temperature regulating technology** responds to body temperature to help keep guests cool and dry while they sleep.

AeroQuilt advanced comfort technology provides breathable, pressure-relieving comfort that is more resistant to body impressions.

Generous layers of **Comfort Foam** made from environmentally friendly **EvoFoam** deliver pressure-relieving comfort to minimise tossing and turning.

Encased in a **Performa Edge Support** – a high-density foam edge that provides a larger sleeping surface and a stronger mattress edge.

Premium **Fire-Retardant Stretch Knit fabric** meets AS1530.3.
